Speakers Named, School Finals

The final speakers for the school year 1967-68 will be the speakers for Baccalaureate and Commencement with both of the events being held in May.

The first speaker, and educator and author, is Dr. Frank B. Weaver who will deliver the Baccalaureate address on Sunday, May 28, in the school gymnasium. Dr. Weaver, born in Tarboro, North Carolina, attended the public schools there. He then enrolled in Fayetteville State Teachers College where he received his B.S. degree. Later, Dr. Weaver received the M.A. degree from Columbia University and the D.Ed. degree from Pennsylvania State University.

He is a member of the American and North Carolina Teachers Association, Omega Psi Phi Fraternity, The Association Supervision and Curriculum Development (NASD), Phi Delta Kappa and is listed in Who's Who in American Colleges and Universities. Dr. Weaver is also the author of the book entitled, "Practical Help for Meeting the Needs of Slow Learners." His present title is now Educational Consultant for the Department

of Community Colleges.

The second speaker, Dr. Walter N. Ridley, will deliver the commencement address Wednesday evening, May 31, in the school gymnasium. Dr. Ridley is a native of Newport News, Va., where he was educated in the public school system. Upon graduation from high school, Dr. Ridley entered Howard University where he graduated cum laude with an A.B. degree in psychology. He later received his M.A. degree also from Howard University. Dr. Ridley did further study at the University

of Minnesota for two years, and he then studied at the University of Virginia where he received the Doctor of Education degree in 1952.

Previously, Dr. Ridley has served on the faculty of Virginia State College in Petersburg, Virginia as both a professor and department head, and on the faculty of St. Paul's College in Lawtonville, Virginia as a Dean. Presently, Dr. Ridley is the President of Elizabeth City State Teachers College where he has served as President since 1958.

Varied Program For Career Day

On Wednesday, April 5, 1967, Phillips observed its Seventeenth Annual Career Day. The theme for this year was: "Today's Challenge — The Importance of Preparation for a Successful Vocation." Most of the students felt that this was a timely topic because we realize that we must be prepared in anything, not only a vocation, one must be prepared.

Dr. Clara Evans, chairman of the home economics department

at A & T College in Greensboro, North Carolina, served as the guest speaker for the occasion. Her address was centered around our theme, and it was most interesting. Dr. Evans placed special emphasis on what she called the three m's for a successful vocation. The three m's were: motivation, maturity, and morality. She also placed special emphasis on the oldest human sense, common sense, which she believes is an asset of life acted out, tested experience of mankind and cast ideals of an idea.

We greatly appreciated Dr. Evans' address for she gave us a lot to think about in preparing ourselves for today's challenges. The student body was highly enlightened by her inspirational address.

Consultants from various colleges, universities, business and trade schools were available to

Sr. Play Involves Dropout

On April 21, 1967, the senior class presented its class play. The title of the play was "So Crime in the Street," a two act play by Reginald Krestiel.

The story of the play is as follows: A young high school dropout quits school to go to work in a restaurant washing dishes. After working at the restaurant for a short time, the dropout and his boss become very angry, thus, they have an ink; Lou — Clarence Beaufort; school dropout quits the job.

Following this, Frankie, the dropout, tries to get a job in a bank, and he tries to use McAllister, the restaurant owner, as a reference. However, when the bank calls McAllister for this reference, McAllister only talks against Frankie instead of for him.

Next, a social worker named Ben Wagner, tries hard to help Frankie straighten out, but Frankie feels that the only reason Ben wants to help him is because of his daughter Helen, Frankie's present date girl.

Because of his anger, Frankie starts making plans for McAllister's death. However, Ben talks him out of it, and thus invites Frankie to his home for a cup of coffee. Here the play ends.

The play consisted of eight men and eight women. The characters in the play were:

Frankie Dane, High School Dropout — Clarence Bulluck; Mrs. Dane, His Mother — Yvonne Parker; Ritchie, His Brother — Lorenza Lyons; Angie, His Sister — Mary Battle; Mrs. Geogin, Store Clerk — Barbara Bobbitt; Baby Geogin, Her Son — Rodney Milbourne;

William Slade; Social Worker — William Slade; Helen Wagner, His Daughter — Sherry Young.

Three Neighborhood Boys: Blockbuster — Clarence Jenkins, Lou — Clarence Beaufort, Glasses — Herman Lyons.

THE BEST OF LUCK SENIORS!

Baseball Team Looks Toward Next Season

The Phillips baseball team for the 1966-67 season is as follows: Marcellus Pierce, Jesse Underhill, Eddie Cherry, Rodney Milbourne, Clarence Beaufort, Harvey Hymes, Linwood Wiggins, Jesse Ransome, and Melvin Underhill. These nine players made up the Phillips varsity roster. They, of course, had a backup team that was ready to take over at any time. The baseball team also had a winning season with nine wins and five defeats.

In spite of the Bulldog record, the boys always demonstrated spirit and a willingness to win even when they lost. Their sportsmanship playing alone contributed a lot to their success. A team's record is always important, but it never tells the entire story of each individual game. The performances that our players showed were always interesting to see.

Special recognition should go to Jesse (Coon) Underhill, Marcellus (Mack) Pierce and Eddie (Moop) Cherry for their outstanding performances throughout the year. All three boys love the game, and we are going to miss their faces next year for they are seniors who will be leaving us. The team will not be the same without them. To the other members of the team, seniors, juniors, and sophomores, we appreciate your participation in the game and wish you all the best of luck in whatever you do next year.

AN EXTRA NOTE

One of the sweetest victories won this season was our home victory against the mighty Swift Creek Beavers who had,

at our meeting, posted a perfect 8-0 record. The mighty Bulldogs pulled a glorious upset by winning the game 9-8 in extra innings.

The boys were simply magnificent in that game, but later in the season, they underestimated the Beavers and the Bulldogs failed 5-0. Nevertheless, the Bulldogs are the greatest!

Students Should Make The Most, Free Time

Never before have so many people had so much free time as in America today. This is a dream of leisure come true — but for many Americans it is a nightmare.

The man who is forced to retire may bitterly resent the free time that now is his. The worker who now enjoys a five-day week and an annual vacation may face frustration and boredom when his work week grows shorter and his annual vacation grows longer.

The teen-ager with nothing to do may do harm to himself and others in pursuit of thrills. The child with no place to play may turn to destruction because he has no other outlet for his energy.

The ill and the handicapped, kept alive by modern medicine, may be condemned to free time that signifies only stagnation.

Yet free time can provide for every one of these human beings opportunities for recreation that truly recreates — that makes for satisfying, invigorating useful living.

The challenge is to each one of us — to work together to help the nation mobilize its resources effectively so that we may make the most, rather than the

worst, of free time, one of the greatest potential human resources.

During the summer months, attention will be directed to the many ways in which community chests and united funds, civic groups, park and recreation departments are working to expand recreation facilities so that every American will have a chance to develop meaningful and satisfying free-time activities.

Two Days To Worry About

There are two days in every week about which it is useless to worry.

One is yesterday with its mistakes and cares, its faults and blunders.

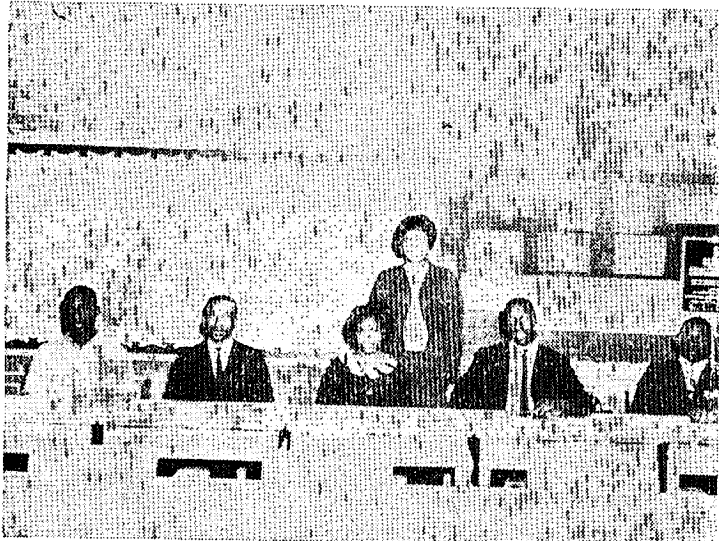

The other is tomorrow. It too is beyond our control. Tomorrow's sun will rise in splendor or behind a bank of clouds, but it will rise.

That leaves today and usually our present trials are easier to bear than remorse for what happened yesterday or dread of what tomorrow may bring.

Congratulations Seniors

Farewell--We Journey On

By Eleanor Battle

After four long years of work at this institution of higher learning, we, the class of 1967, will adventure into this world searching for success and happiness. It leaves us feelings of pride for having had the opportunity to share in the learning process of such a unique school. We feel that we are prepared to face life's struggles as we enter this complex society.

Many of us will leave with great confidence, with enthusiasm, and willingness to work long in order to endure all sacrifices. Others, we fear, will leave bewildered — full of doubts and uncertainty about their future lives. Yet, we realize that we will face many hardships through life, but with the help of God, we will try with all de-

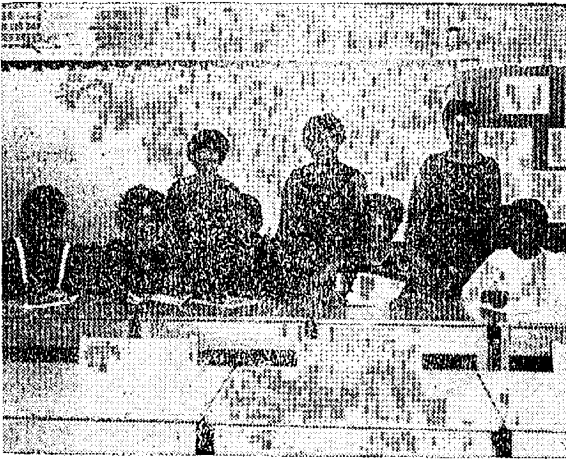

termination to push forward.

As we leave Phillips High School, we will strive for the attitudes that will make us successful men and women, and prepare for the rigid world that awaits us. We will cultivate not only happiness and success, but also such habits as honesty, truthfulness, sympathy, responsibility, a desire for achievement, and self improvement.

Of course we will miss our Alma Mater, and the happy times we have had here. But, nevertheless, our days here have ended, and we must venture into this competitive and rigid world trying to make the best out of life.

Our special thanks go both to Mr. Batts, our principal, and to our dear teachers who so willingly helped us reach our high school goals and destination.

Students Elect

It was election time again around Phillips during the week of May 8. The student body elected new representatives to the Student Council. It was an exciting time, and everyone seemed to enjoy the events. We, members of the Council are proud to say that for the 1967-68 school year, we have very competent officers. The slate includes the following:

President — Charlie Hart; Vice President — Roderick Hinton; Second Vice President — William Roberts; Secretary — Lessie Pittman; Assistant Secretary — Mary Battle; Treasurer — Annie King; School Hostess — Patricia Hargrove; School Host — Raymond Pittman; Parliamentarian — Thoris Whitaker; Reporters — Peter Roberts and Mary Johnson.

We also feel very confident of a Student Council that will progress throughout the coming school year for we not only have good potent leaders but good potent followers as well.

Several seniors are now making final preparations to continue their education next year either at the various colleges or universities or at a trade or vocation school. To these seniors, we wish you much success.

Learn The Latest From Your Class Prophecy

Blundering fool, you're going to come up with a cracked skull if you don't watch where you're traveling. They are magazines of the future and you should see who has made the cover on a lot of them, and what's inside some of them.

You guessed it, Mister! These 1980 magazines show what the seniors of 1967 will be doing in the future.

Just look at this! Joseph Brown, who was the best dressed boy in our class, is the feature coverman for Esquire Magazine. He is now the new editor of this famous men's issue.

Richard Batts, who was President of our class, is on the cover of Time Magazine. He is now speaker of the house. And here is a picture of Barbara Bobbitt, the senior class treasurer. Here she is taking care of the nation's finance, and is secretary of the treasury.

Clarence Bulluck, who was captain of the basketball team, is now playing professional basketball with the Globetrotters. He made the cover page of Sports Illustrated this month because of his spectacular shot

in last week's game.

Today's Health features Eddie Coley who learned how to experiment in high school chemistry class, and who has now discovered a new cure for cancer. With him is his wife, Linnie Debraux, who is now a registered nurse, and who has spent endless hours in research helping Eddie.

Look here at the 1980 T. V. Guide. They have a detailed listing of the Awe Hour for Sunday afternoon, and there, trying for their first win again are the Prophets, Melvin Hunter, Doris Battle, and MacArthur Slade. It says here in the Guide that they were the Phillips High sensational singers of 1967.

Here's Today's Secretary featuring Eleanor Battle as "career girl of the month. She is now chief executive head secretary of the office girls in the United Nations Building in New York.

Anthony Pender and Frank Lawrence, who were always skipping school to go fishing, have their own column in Field & Stream. This month they are on the cover because of the big

catch they made at Frog Holler.

Mary Knight, who always had a flair for clothes, is featured as a model in Mademoiselle.

Here's a switch for sure! Carolyn Johnson, who never could get the back shut on her notebook has made the pages of Good Housekeeping. She has an article in here on "The Knack of Using Every Available Square Inch of Space."

And here again is Clarence Bulluck, the star of the Phillips High School senior play of 1967, shown in a two-page spread of motion pictures. He now has a luxurious looking "pad" in Hollywood where he is making pictures for Warner Brothers.

Billy Cherry has his land pictured in Farm Journal. He has made quite a name for himself with his special terrace farming.

Look here in the book section of Reader's Digest. Here is a condensation of Edna Edwards' newest book, "Travel with Toby." It's that same dog who used to wait outside the school door for her every night.

Lorenza Lyons on his third

expedition to Australia now has a write up in National Geographic.

The prophecy has been recorded, and the golden thread is unbroken. The seniors are now on their way to greater heights in both success and happiness.
